Dashboard Materials over Time and Country for Teapot dataset on Europeana

This dashboard gives an overview of material related data of the teapot records on Europeana. All graphs can be used as interactive filters. If you click on years, materials or countries, the other graphs will change accordingly

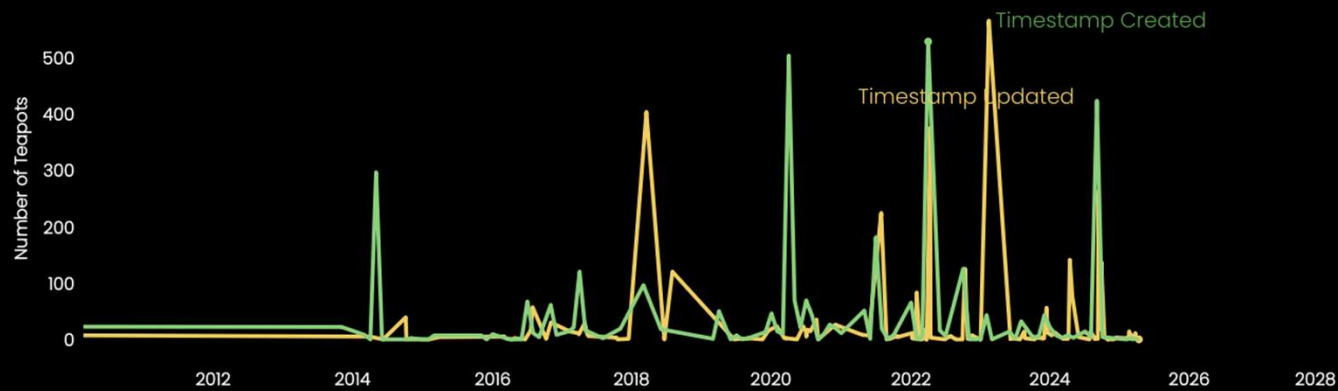

Dashboard Timestamps Europeana for Teapot Dataset

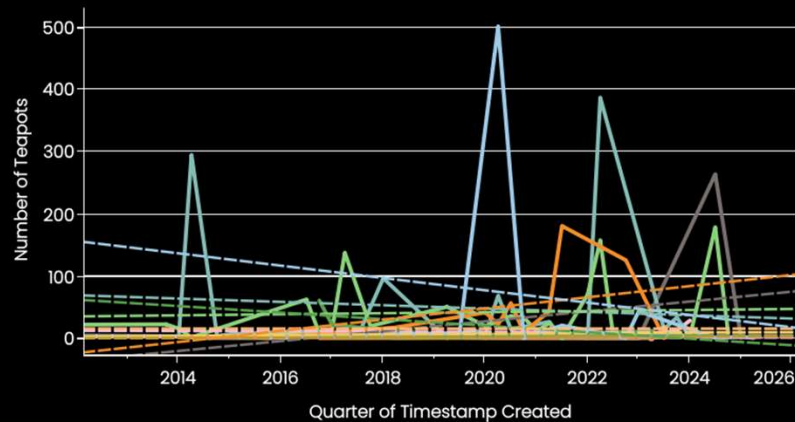

This Dashboard shows data related to the timestamp of the teapot record. This means when they are created on Europeana and when they are uploaded. The filter on the rights makes it possible to select a country for the big line graph. The country legend acts as a filter for the 2 graphs below. An addition could be the same two graphs for the time stamps updated.
